

Wolfram *Mathematica*® License Certificate

This license certificate identifies important information regarding your use of *Mathematica* in accordance with the terms of the license agreement printed on the reverse side. Please read this certificate and the license agreement carefully prior to use. Save this certificate as a reference, and have it available whenever you communicate with Wolfram Research.

License Number: **L4711-4011**

Your license number will always remain the same, even if you change your configuration or upgrade.

Mathematica Password: **Contact Wolfram Research**

You must contact Wolfram Research or a designated Mathematica reseller to register and get a password.

Product Name: *Mathematica Network Server Version 7.0.1*

Mathematica Professional Network Increment, Class A Version 7.0.1

Product Class: *Class A (Mac/Win/Linux)*

Computer Platform: *Macintosh, Windows or Linux (x86)*

Use Class: *Sector: Education*

Term: Non-Expiring

Region: Worldwide

Scope: Individual Purchase

For use only within a four year degree-granting academic institution for education or non-commercial research.

License Class: *Network*

Controlling Processes: 67

Computation Processes: 268

Network License Controller: 1

Registration Information: *UNREGISTERED*

You must designate one individual as the primary user of this license. This person will be responsible for contacting Wolfram Research regarding upgrades, license renewal, and any other license issues. See the registration web site at register.wolfram.com

You must also designate one individual as support contact, eligible for support services, and the primary user unless you specify otherwise.

This license is not registered. No passwords, upgrades, or license changes are allowed without the approval of Wolfram Research. No other information is provided.

Mathematica Service: **PREMIER (activated upon registration)**

You have a subscription to Premier Service which will be activated at registration.

For information on upgrading your Mathematica license, contact your nearest Mathematica reseller (see a complete list of resellers at www.wolfram.com/services/intdealers), or call Wolfram Research Europe Ltd. at +44-(0)1993-883400 or send email to info@wolfram.co.uk.

Wolfram Mathematica® License Agreement

ACCEPTANCE

This is a binding Agreement: read all terms; retain a copy.

Carefully read the following terms and conditions before accessing, installing, or using the software. By clicking "I agree", opening the media container, downloading the Product, or installing/using the Product, you are consenting to be bound by this Mathematica License Agreement ("Agreement"). If you are not willing to accept the terms and conditions of this Agreement, You may not access, copy, install, or use the Product—immediately return the entire Product to the source from which it was obtained, and uninstall/remove/destroy any additional copies of the Product.

DEFINITIONS

WRI: Wolfram Research, Inc., 100 Trade Center Drive, Champaign, IL 61820-7237, USA

You/Licensee: The individual or organization obtaining the Product. If You/Licensee agree to these terms on behalf of an organization, You represent to WRI that You are authorized to accept these terms on the organization's behalf.

Software: The computer programs provided by WRI under this Agreement, known as *Mathematica*.

Product: All the materials, including the Software, provided by WRI under this Agreement (whether by download or physical storage media), and data accessed on WRI's servers.

Intellectual Property Rights: Any and all rights existing from time to time under patent law, copyright law, trade secret law, trademark law, unfair competition law, and any and all other proprietary rights, and any and all applications, renewals, extensions and restorations thereof.

License Class: Indicates whether the Software allows use by a Single-Machine or is enabled for a Network. Your License Class is indicated on Your License Certificate.

Product Class: The operating system family to which You agree to limit Your use of the Software. Your selected computer platform and Product Class are indicated on Your License Certificate.

Use Class: Indicates whether there are restrictions on how the Product may be used. Your Use Class is indicated on Your License Certificate.

Controlling Process: A *Mathematica* Kernel or Front End that handles input, output, and scheduling for the Computation Processes.

Computation Process: A *Mathematica* Kernel or Front End that does computations, only accepting input from and returning output to a Controlling Process.

Virtual Desktop: A computer without the Software capable of accessing a computer with the Software within its network.

Single-Machine: A Product or a Controlling or Computation Process that can only be re-installed on another computer by applying a System Transfer.

Network: A Controlling or Computation Process (or Product containing one or more such processes) that may move to different computers within the licensed network(s) without the need to apply a System Transfer.

Network License Controller (i.e. MathLM™): A Single-Machine process that controls policies of usage of Network processes (including the maximum number of concurrent processes).

System Transfer: Converting a Product to a different configuration (e.g. Single-Machine to Network), platform (e.g. Windows to Unix), or Product.

OWNERSHIP

WRI is the sole owner of the Product as provided by WRI with the exception of the portions of the Product licensed by WRI from the third-party owners of those portions. WRI is the holder of the Intellectual Property Rights in the Product, including, without limitation, such aspects of the Software as its code, structure, sequence, organization, "look and feel", programming language, and compilations of command names, descriptors, and data. Use of the Product, unless pursuant to the terms of a license granted by WRI or as otherwise authorized by law, is an infringement of Intellectual Property Rights. When publishing academic or research papers for which *Mathematica* was used, the Software should be appropriately cited as a reference and/or described in a methods section. Notwithstanding the obligation to provide acknowledgment stated above, no other right to use the names, marks, or other distinctions of the Product or WRI is permitted.

PERMITTED USES AND INSTALLATIONS

Subject to the terms of this Agreement and Your acceptance thereof, WRI grants You a non-exclusive license to use the Product solely in accordance with the License Class, Processes, Product Class, and Use Class indicated on Your License Certificate. This Agreement terminates in the event that You receive a license to use an upgraded version of the Product in place of this Product, which upgrade, as well as any other improvement or enhancement, WRI is under no obligation to provide. Your license to use the Product terminates on the indicated license expiration date, if one is indicated, or upon notice of a material breach that is not cured within 30 days of receipt of notice. Provisions of this Agreement that by their nature express ongoing rights or obligations shall survive the expiration or termination of this Agreement. You are also authorized to:

- for a Single-Machine License Class, install and use Software only from a single on-line storage device (e.g. a hard-disk drive);
- for a Network License Class, install and use the Software from on-line storage devices that are located at the physical site of Product Registration and are accessible by the Network License Controller;
- maintain one archival copy of the Software on off-line storage media (such as a DVD);
- undertake a System Transfer only under the following conditions: (1) Your *Mathematica* Service Level permits the transfer of this Agreement; (2) the transferee's use of the license falls into the same *Mathematica* Service Level; (3) You contact WRI Customer Service and at their direction, complete and submit a System Transfer Form certifying that You have destroyed or given to the transferee all copies of the Software and other elements of the Product in your possession; (4) You pay any license cost difference or applicable transfer fee; and (5) the transferee accepts all the terms and conditions of this Agreement; and
- use a Virtual Desktop, if You are a Primary User of a Single-Machine License or a Registered User on a Network License.

PROHIBITED USES

All uses of the Software and other elements of the Product not specifically stated in the Permitted Uses section of this Agreement are prohibited, including without limitation:

- running more Controlling Processes or Computational Processes concurrently than the License Certificate, allowing access to a single Controlling Process by multiple computers or
- installing or running the Software on a computer associated with a Product Class greater than that specified on Your License Certificate;
- decompiling, disassembling, or reverse engineering the Software;
- modifying the Software in any manner, except those portions written in the *Mathematica* examples;
- distributing, publishing, transferring, sublicensing, lending, leasing, renting, or otherwise making available to any person or any portion of the Software including collections of data;
- copying or allowing copying of the Product or any elements of the Product, except as permitted in the Permitted Uses and Installations section;
- allowing access to the Product by any user other than Licensee, including without limitation through a web server, which is only allowed pursuant to a valid web $Mathematica$ ™ License agreement;
- removing any copyright, trademark, or other proprietary notices from the Product; and
- installing separate components of each Controlling Process or Computation Process on separate computers, except that the Front End of a Controlling Process can be on a separate computer from the Computation Processes.

ONLINE SERVICES AND DATA

Certain functionality in *Mathematica* may require the Software to access collections of data on WRI's servers. WRI makes no warranty that access to such data will be uninterrupted or that WRI reserves the right to restrict access to, add, update, modify, or remove collections of data without limitation, or otherwise at WRI's discretion. You agree all data access and use shall be subject to the terms of the applicable service subscription, or otherwise at WRI's discretion. You agree all data access and use shall be subject to the terms of the applicable service subscription, or otherwise at WRI's discretion. You agree to access collections of data through the intended servers providing such data. You agree to only access collections of data through the intended servers provided through WRI's online services constitutes protected intellectual property and shall be confidential, used to construct a database, stored (in whole or in part) in databases for access by You, and distributed through any database services containing all or part of such data. Access to such data is provided to You at WRI's discretion, and may be terminated or restricted at any time.

LIMITED WARRANTY AND DISCLAIMER

WRI warrants that the Product shall be free from defects in the physical media for a period of 90 days from the date of purchase when used under normal conditions. Licensee acknowledges that WRI shall not be liable for breach of this warranty, another copy of the physical media. The foregoing warranties, express or implied.

WRI does not warrant that the Product is free from all errors and/or omissions and in fact it is not. Notwithstanding specifically set forth above, the Product is provided "as is". WRI makes no representations or warranties, express or implied, with respect to the Product or the Software contained in the Product or Software, including, without limitation, any implied warranties of merchantability, interoperability, or fitness for a particular purpose, of which are expressly disclaimed. WRI does not warrant that the functions contained in the Product will meet your requirements or that the operation of the Product will be uninterrupted or error free.

WRI, and its agents, representatives and independent contractors, shall not be obligated to provide information or corrections to errors and/or omissions discovered in the Product, whether or not they were aware of the errors and/or omissions.

WRI does not recommend the use of the Product for applications in which errors and/or omissions could result in injury, or significant loss. Some states do not allow the exclusion of implied warranties, so this warranty gives You specific legal rights, and You may also have other rights which vary by state. This Agreement is governed by the laws of the State of Illinois without effect to any choice of law provisions.

LIMITED DAMAGES

In no event shall WRI, its agents, representatives, and independent contractors be liable for a claim for consequential, indirect, incidental, special, or punitive damages, whether in contract or tort, even if WRI has been advised of the possibility of such damages. WRI's cumulative liability for any loss or damages resulting from any claims, demands, actions, or otherwise arising out of or in connection with this Agreement shall not exceed the license fee paid for the Product. Some states do not allow certain limitations on damages, so these limitations may not apply to You.

UNITED STATES FEDERAL GOVERNMENT RESTRICTED RIGHTS

If this Software is acquired by or on behalf of the U.S. federal government, this provision applies. This Software is subject to restrictions set forth in FAR 52.227-19 and DFAR 227.701-2. The Software is "commercial computer software" and is licensed with only "Restricted Rights".

Mathematica is a registered trademark and web $Mathematica$ and MathLM are trademarks of Wolfram Research, Inc. Important details regarding Your use of *Mathematica* in accordance with the terms of this Agreement are provided on Your License Certificate.
